Re: Federal Insurance Company Bond No. [redacted] on behalf of
Southwestern Cement Enterprises, Inc. in favor of the U.S.
Department of Agriculture in the amount of \$386,000 effective
4/11/85 for Reclamation Bond.

Dear Ms. Elk:

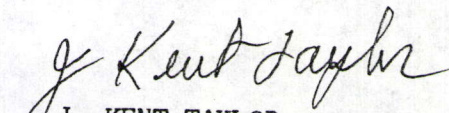

This is in follow-up to your inquiry and Lynn Findlay's 10/14 telephone response regarding the above referenced reclamation bond.

Apparently, the subject bond was intended to cover the mining and reclamation operations located on National Forest System lands near Leamington, Utah. Currently, the only bond we have in effect for that operation is Bond [redacted] on behalf of the company from which the operations are being transferred to Southwestern Cement. As Mr. Findlay explained, we have no recollection or record of having received Bond [redacted]

Southwestern has, however, recently supplied us with a new bond (No. [redacted]), which we are in the process of accepting as a replacement for existing bond [redacted].

Thank you for the help in resolving the situation, and if there are further questions, please contact Lynn Findlay at this office. Our telephone number is (801) 896-4491.

Sincerely,

J. KENT TAYLOR
Forest Supervisor
